From a list of 15 indicators, survey respondents were asked to select 5 that they perceived as the most urgent for their city. This is the total bar. The higher the percentage of responses per area, the greater the priority for the city.

The left hand section of each bar shows the Alignment - the proportion of those respondents who also answered the corresponding survey questions low. A strong Alignment implies that these areas also demand priority attention.

**BACKGROUND INFORMATION**

The left hand section of each bar shows the Alignment - the proportion of those respondents who also answered the corresponding survey questions low. A strong Alignment implies that these areas also demand priority attention.

**PRIORITY AREAS**

- **Air pollution**
- **Affordable housing**
- **Road congestion**
- **Security**
- **Unemployment**
- **Health services**
- **Green spaces**
- **Fulfilling employment**
- **Public transport**
- **Corruption**
- **Citizen engagement**
- **Recycling**
- **Basic amenities**
- **Social mobility**

**ATITUDES**

- **You are willing to concede personal data in order to improve traffic congestion**
