---

Senior Reservoir Engineer, Eni Iraq, Iraq
- Defined long-term strategies for a giant oil field, forecasting production and performance
- Managed a one-year continuous improvement project and a team of 10+ optimizing the company workflows for the preparation of budgets of ~$1bn p.a.
- Followed and supported critical reserves external certification processes and audits

Operation Monitoring and Reporting Engineer, Eni Iraq, Iraq
- Implemented a $1m data management system managing multiple stakeholders

Senior Reservoir Engineer, Eni, UAE
- Prepared a redevelopment plan for a giant field involving four global energy players and the Republic of Iraq, a 20+ year project with ~$2bn budget

Reservoir Engineer, Eni, Italy
- Initiated an innovative research project of ~$10m+ in Egypt, as the sole reservoir engineer
- Supported projects and cross-functional teams on enhanced oil recovery strategies

Independent Consultant, Life Sciences Advisory Services, UAE
- Led 4 healthcare access projects; authored partner support series achieving 2500+ views

Patent Support Manager, Africa, Novo Nordisk, UAE
- Designed and launched a ~$500m insulin adherence platform serving 50,000 patients
- Centralized resources and IT systems to reduce operational costs by 50% in one year

Senior Project Manager Program Manager, Middle East, AstraZeneca, UAE
- Delivered three first-in-market, award winning, patient-centric programs, serving 10k+ patients in five countries within six months of launch, ~$1m investment
- Created pioneering patient-support regional frameworks and government partnerships

Life Sciences Consultant, Simon-Kucher & Partners, USA
- Spearheaded new business development efforts in India, driving ~$4m+ in revenue

Commercial Effectiveness Analyst, IQVIA, USA
- Received internal award nomination and client recognition for e-health analyses

Co-Founder, QuercusApp Technologies, Switzerland
- Built the company from the ground-up: responsible for strategy, product management and business development
- Led the software development and business development teams of 11 employees
- Successfully sold the business to one of the “Big Four” within three years

Senior Investment Specialist, UBS Group, Switzerland
- Advised sophisticated independent asset managers worldwide on CHF 4bn+ of assets across all asset classes
- Defined regional investment strategy as member of the “Local Advisory Committee”

Investment Advisor, UBS Swiss Financial Advisers, Switzerland
- Advised bank’s wealthiest private clients (HNW- and UHNW) across all asset classes
- Responsible for the analysis, selection and monitoring of individual securities comprising the UBS SFA portfolios as youngest member of the bank’s investment committee

Senior Project Manager, DNV GL, Australia
- Designed a three-year regional strategy plan to retain competitive advantage in sector
- Managed a $6m multidisciplinary, technically complex offshore LNG project
- Led the implementation of best practices from other regions into Asia Pacific

Senior Project Manager, DNV GL, Malaysia/Singapore
- Managed an in-country team of 25 engineers, delivering a project of 50k+ man-hours
- Strengthened cooperation between the UK and Far East offices, reducing costs by ~8%
- Mentored colleagues in the Singapore office on UK specific oil & gas legislation

Senior Engineer, DNV GL, UK
- Responsible for financial oversight of P&L, WP and AR for a 45-person department with monthly revenue of ~$1.5m
- Coordinated technical resource teams of ~12 engineers for medium size projects
- Piloted new generation production software and facilitated company-wide implementation

Europe Logistics Supervisor, PML, Switzerland
- Implemented logistics strategy for “reduced risk” products with an annual budget of ~$40m+, ensuring optimal stock levels in a critical period of demand uncertainty
- Led 20+ people in EU affiliates to create a standardized and synergic logistics strategy

Supply Chain Manager, Procter & Gamble, Brazil
- Designed and rolled out the entire supply chain process for product innovation in the baby care and feminine care segments, as part of a company-wide reorganization
- Led an in-country cross-functional team of 30+, achieving a customer satisfaction rate of 98% and improving the obsolete materials ratio with a cost avoidance of ~$4.5m

Operations Manager, Procter & Gamble, Brazil
- Led the manufacturing of a ~$100m BU including 158 staff, accountable for all manufacturing metrics including cost, quality, efficiency and profitability
- Elaborated and implemented a new operating model, increasing productivity by 7.5%

Customer Application & Tendering Supervisor, General Electric, France
- Led cross-functional joint efforts across nine countries to deliver customer solutions
- Managed 20+ engineers to create, optimize and mitigate risks of customized proposals, including nine fast-paced bids in Asia, worth ~$900m+ in total
- Coached peers to take ownership of improvement projects, increasing productivity by 30%
- Co-managed and co-developed multiple programs and processes that increased key bid efficiency by 50%, RAI and COE KPI processes

Senior Tendering Engineer, Alstom, Brazil
- Worked with high-profile private and public-sector clients enhancing critical proposals
- Strengthened power plant bids in South America by serving as hydraulics expert

R&D Hydraulic Engineer, Alstom, France
- Designed, tested and validated a hydraulic turbine, and created methodologies and software that improved development efficiency by 20% for all future designs
Peter Shibaev
Nationality: Russian
Contact: peter.shibaev@mba2019.imd.org
Languages: English, Russian, German, Mandarin (B)
Degrees: Chartered Accountant, ACCA, UK; MA Economics, Financial University, Russia

10 years’ international experience in private equity and real estate development, focusing on deal structuring and team leadership

Finance Director, Brack Capital Real Estate, Russia
